

5 September 1979

Dear Bob,

I will be happy to speak to the Class of 1980. Wednesday, 5 December, at 1015 looks fine now, but I may need some leeway for date or time change as we get closer to that date. I would plan to send over some advance reading for the students and follow approximately the same format as last year.

I look forward to another stimulating session with your students. Best regards.

Yours,

STANSFIELD TURNER
